Hi DJ,

Thanks again for being willing to look at these WDEQ permits! Please see the attached Word file for the comments/observations/questions that Chris R. and I have.

As we briefly discussed, General Conformity applies to Federal actions in nonattainment and maintenance areas. The project BLM is looking at is the Naturally Pressurized Lance (NPL) which is located in the Upper Green River Basin (UGRB) 8-hour ozone nonattainment area.

Much appreciate the help!
